6-501.114

Complete the following items, some were not complete from the preinspection and transferred to the routine.

8/7/2015

- 1. Seal all 4 edges of the FRP behind the soda boxes. Transferred.
- 2. Install a mop rack over the mop sink to air dry mops. Transferred.
- 3. Install angle iron, stainless steel or another smooth non porous metal at the 2 sides of the freezer to prevent rodents, insects, grime and food debris from accumulating behind and next to the freezer. Transferred.
- 4. Seal the cinder blocks under the ice machine with a sealant or enamel paint. Approved per Mark Malin.
- 5. Repair the damaged tile under the middle sink in the womens bathroom.
- 6. Reattach the soap dispenser in the warewashing/dish area or just use a simple soap pump.
- 7. Underneath the 4 compartment warewashing sink, seal the wall covering to the floor with basecove or sealant.
- 8. At the customer soda counter, modify the counter by adding an access door so that the air gap for the soda machine is accessible for cleaning and pest control.
- 9. At the customer soda counter, seal the back of the counter to the wall with silicone or another non porous cleanable material so that if children spill soda it will not run behind the countertop.

7-101.11 There was a jug of some chemical in the kitchen.
